

Do's:

- Use the logo in its original colors: Green, Gold, and White.
- Maintain the clear space around the logo.
- Ensure the icon is visible and legible, even when scaled down.

Don'ts:

- Do not distort the proportions of the logo.
- Do not change the colors of the logo outside of the approved color palette.
- Do not use the logo on busy or competing backgrounds.
- Always ensure good contrast for readability.
- Do not add additional elements that distract from the main message of the logo.
